Pumps • Valves • Motors • Gear Reducers • Instrumentation • Hoses • Fittings
 Mechanical Seals • Process Tanks • Material Handling • Filtration • Chemical

Ash	Cavex	Hydromatic	Myers	Tsurumi
ASI	Crown	Jabsco	Oberdorfer	Tuthill/Fill-Rite
Barnes	Dickow	Johnson	Prosser	Warman
Berkeley	Finish Thompson	Knoll	Standard	Webster
Burks	Galigher	Little Giant	Toyo	Weinman
	Hazleton	Lutz		

PUMP APPLICATION

Boiler Feed, Chemical Process, Oil & Gas Processing, Condensate, Waste Water, Tank Transfer, Chemical Metering, Cooling Tower, Pipeline, Fire Protection, Chemical Feed, Hot Well, Sump, Ship Cargo, Slurry, De-Watering, Flood Control, Fuel Oil & Petroleum, Reverse Osmosis, Demineralization, Raw Water, City Water Booster, Food Processing, Mining, Pharmaceutical, Paper Stock, Ballast, Lube Oil, HVAC, Sand, Gravel, Truck & Rail Car Unloading

CORE SUPPLIERS

MOTORS

High efficiency motors, large and small, which serve Industrial, Residential and Commercial markets in applications ranging from water treatment, mining, oil and gas and power generation. Motors for air conditioning condensers, rooftop cooling towers and commercial refrigeration.

PARTS

For All Current & Obsolete Makes & Models of Pumps
Flowserve - Worthington - Durco - Goulds - Peerless
Viking - Moyno - Grundfos - Crane - Dean - B&G - Paco-
Weinman - IMO & Others

Pumps • Valves • Motors • Gear Reducers • Instrumentation • Hoses • Fittings
 Mechanical Seals • Process Tanks • Material Handling • Filtration • Chemical
 Feed Systems • Air Compressors • Automation • Engineering

Air operated double diaphragm pumps with Elima-Matic patented air valve system.

Comprehensive line of ANSI, regenerative turbine, condensate, boiler feed, end suction, inline, split case, booster systems, sump and sewage pumps.

Extensive utility, sump, sewage, effluent, non-clog and other large waste handling pumps.

Comprehensive line of split case, dry pit, submersible solids handling, vertical line shaft, submersible turbine, mixed flow and axial flow propeller pumps.

Complete line of ANSI and end suction centrifugal pumps.

Plastic mag-drive sealless, ETFE-Lined ANSI mag-drive pumps and drum pumps.

Moyno™ progressing cavity pumps, sludge pumps, metering pumps, sanitary pumps, multiphase fluids transfer systems, grinders and controls.

ETFE & PFA lined ANSI and non-metallic mag-drive chemical process and metering pumps.

Submersible pumps engineered with lower internal velocities, urethane impellers, and specially designed volutes to dramatically increase the operational life of the pump.

Chemical metering pumps for the water, wastewater, power, swimming pool, and chemical processing industries.

Helical gear, vertical turbine, submersible, ANSI, end suction, split case & multi-stage pumps.

Complete range of mechanical seals, seal support systems and bearing protectors.

Complete reciprocating pump line, medium to heavy duty to fit almost any application. Pressures up to 5,500 psi and flows to 600 gpm @ 450°.

Leading manufacturer of vertical turbine pumps.

Fluid pulsation control products for all facets of municipal and industrial process industries. Improve pump and instrumentation performance while significantly extending system component life.

High performance and premium quality centrifugal pumps. These pumps include vacuum assisted, standard centrifugal, self-priming & hydraulic submersible. Trailering package options.

Submersible turbine, end suction, solids handling, submersible, utility and self-priming trash pumps.

Close-coupled centrifugal, circulating, end suction centrifugal, horizontal and vertical multi-stage pumps.

Complete line of horizontal multistage, vertical in-line double suction, vertical sump, solids handling & end suction pumps.

Internal gear pumps in sealed and mag-drive configurations. Part-for-part interchangeability with most common Viking pump models.

Comprehensive line of corrosion resistant formed stainless steel and cast iron pumps that include end-suction centrifugal, multistage, and submersible sump, effluent, and sewage pumps.

Quality hygienic stainless steel process equipment.

Internal gear pumps provide favorable flow conditions, superior self-priming & mag-drive capability and gentle handling of highly viscous liquids.

Ball Check Valves with unrestricted passage, resilient seated, low-resistance ball operation.

Highly engineered sealless diaphragm metering pumps and process pumps for supercritical fluids.

Canned motor pumps for leak-free operation. Double containment prevents product leakage to the environment. API 685 models available.

PUMPING EQUIPMENT

A-C 2000 Series Pumps - Xylem

Centerline discharge bronze fitted construction centrifugal pumps, frame-mounted and close coupled.

Ampco Pumps

A complete line of Sanitary Lobe & Circumferential Piston Pump, Sanitary Centrifugal Pump that interchange with brands like Waukesha and Fristam.

AMT / IPT Pumps

General use pumps and accessories. Shipments of most models available within 24 hrs.

ARO Pumps

Air-operated diaphragm pumps, piston pumps, pneumatic valves, pneumatic cylinders, filter regulators, and lubrication equipment.

BJM Pumps

Submersible and dewatering pumps and pump accessories for chemical, construction, sewage, mining and process applications.

Cascade Pumps

Axial flow and mixed flow pumping equipment used for flood control, water and sewage treatment, mining, food processing, and many other applications.

Cat Pumps

High-pressure piston and plunger pumps used in cleaning, food processing, reverse osmosis and more. Pumps, systems and parts.

Flux Pumps

Drum & container pumps used to mix, transfer and circulate fluids. Used in many industries.

Flygt A-C Custom Pumps

Axial flow pumps, large dry pit pumps, split case and vertical column pumps.

Fybroc Fiberglass Pumps

Fiberglass pump for handling corrosive and high-temperature liquid used in industrial process pumps.

Gorman Rupp Pumps

Super "T-Series", high-efficiency "U-Series", self-priming pumps, stations, extreme-duty PD rotary gear pumps, and horizontal end suction pumps to size 16".

Goulds Pumps - ITT

#1 Process Pump line in the Industry! Including ANSI, API, Inline, multi-stage, double suction, vertical process, vertical turbine, slurry and submersible.

Goulds Water Technology - Xylem

Efficient centrifugal and turbine pumps, controllers and drives for industrial water and wastewater applications.

GPM Eliminator Pump

The GPM-Eliminator™ is a submersible slurry pump built to handle the most abusive applications. From dirty water to 70% solids, engineered to provide years of trouble-free service.

Gusher Pumps

Machine tool coolant pumps and vertical top pull-out centrifugal pumps.

Lutz Pumps

Electric and air-operated drum and container pumps used in chemical, food, soap, fuel and many other applications.

Madden Metering Pumps

Metering pumps designed for tough industrial applications.

March Pumps

Centrifugal seal-less magnetic drive pumps for chemical, industrial, medical, marine, solar and OEM applications.

MP Pumps

Centrifugal pumps in stainless steel, cast iron, and more. Manufacturer of FLOMAX self priming pumps.

MTH Pumps

Regenerative turbines for low flow, high pressure applications used in boiler feed, refrigeration, condensate return and more.

Price Pumps

Highly configurable small to mid-sized centrifugal pumps in various materials with many sealing options.

Sethco Pumps

Corrosion-resistant thermoplastic drum and magnetic drive end suction and self-priming centrifugal pumps.

ProMinent Pumps

Metering pumps, systems, controllers, and analyzers. Custom-Engineered system packages with measuring, control, and sensor technology.

T-Mag Pumps

Thermoplastic magnet drive pumps commonly used where aggressive chemicals and quick deliveries are a concern.

RamParts Pumps

Air-driven single diaphragm pumps that stand up to the abuses of the most demanding sludge and slurry applications.

Tsurumi Pumps

Vast range of submersible pumps engineered to withstand the most rugged applications.

Roper Pumps

Rotary gear pumps used primarily in heavy viscous fluids such as chocolate, asphalt, glues, inks, fuels and syrups.

Vulcan Pumps

Iron and high-chrome iron hard metal submersible slurry pumps designed for pumping abrasive and corrosive liquids.

SEEPEX Pumps

State-of-the-art, open-hopper, industrial and food grade progressive cavity pumps and integral metering, mixing and conveying pumping / dosing systems.

Warrender Ltd.

Caster seal-less mag-drive pumps are designed to handle the most severe process conditions. Available in several alloys.

Sero Pumps

Seal-less side channel pumps that generate low flows at high heads used in very low NPSH or entrained air applications.

Weatherford Pumps

Global leader in multiplex piston pumps capable of generating pressures up to 30,000 PSI.

PUMP SUPPORT PRODUCTS

Blacoh Fluid Control

Pulsation dampeners, “Spill-Stop” leak containment systems, gauge isolators and “Super Shield” surge vessels.

Garlock® - One Up® Diaphragms

Durable and versatile diaphragms that last significantly longer than other conventional PTFE diaphragms.

Inpro/Seal

Inpro/Seal bearing and systems protection, shaft grounding, air seals and floating brush seals.

John Crane Couplings

High performance A-Series, T-Series SS, Metastream and Powerstream couplings for the API, general process and turbomachinery industries.

John Crane Mechanical Seals

Cartridge, split, world’s first gas lubricated, non-contacting pump seal, LEMCO seal support systems, and seal water control and monitoring systems.

New England Braiding

ANTI-KEystone® II high-performance packing designed to extend equipment life.

PolyShield Structural Technologies

Chemical-resistant foundation system constructed of polymer concrete.

PumpSmart - ITT

Pump specific control drives with state of the art logic to control process and prevent pump damage.

Sealryt

Custom stuffing box bearing; patented “Pre-Twist” packing technology using unique textiles and split glands.

U.S. Seal MFG.

Seals designed to give long life, provide automatic self-adjustment and reduce maintenance costs.

Uniguard Machine Guards

Custom and standard non-metallic ANSI /OSHA - compliant pump and equipment guards.

- Air Operated Diaphragm Pumps
- Parts and Repair
- Piston Pumps
- Pneumatic Valves
- Pneumatic Cylinders
- Filter Regulators
- Lubrication Equipment

LIQUID PROCESS EQUIPMENT

Fusion Fluid Equipment - Mixers

Industrial and Sanitary mixers, mixing accessories, and complete agitation systems for various processes.

Hydrothrift

Engineered thermal transfer systems that use evaporative, dry air, "shell and tube" or "plate and frame" heat exchangers or a combination of cooling methods.

MTA Industrial Chillers

Air & Water Cooled packaged industrial chillers from 1/2 - 57 tons.

PolyProcessing

Polyethylene chemical storage tanks and fittings designed for safety, longevity and chemical compatibility.

Rosedale Filters

Liquid filtration products such as bag filters, screen filters, cartridge filters, housings, bags and strainers.

Toshiba Flow Meters

Toshiba offers electromagnetic flowmeters, microwave density analyzers, programmable logic controllers, hybrid integrated control platforms, and DCS & PLC integrated systems.

SPECIALTY PRODUCTS AND SERVICES

Airtech Vacuum

Liquid ring pumps and rotary vane pumps used wherever vacuum and pressure is required.

Delta Cooling Towers

HDPE Induced and Forced Draft cooling towers to 2000 cooling tons. Anti-microbial design also available.

ITT Procast

High quality replacement parts for all types of equipment. Cast reproductions of orphaned equipment parts.

ITT Proshop

Capabilities include predictive maintenance, condition monitoring, reliability improvement and maintenance contracts.

Southworth Products

Ergonomic materials handling equipment for vertical lifting and work positioning. Lift tables, portable lifts, work benches, turntables and more.

Tencarva Fabrication Services

We offer equipment skid fabrication and assembly, including piping, valves, instrumentation and electrical integration.

Tencarva Gearbox Repair

Gearbox repair, rebuild and upgrade services on all major brands. All gearbox repairs are tested and returned in "like new" conditions.

Tencarva Submersible Pump Repair

Submersible pumps up to 350 HP or 7.5 ton. Flygt, KSB, Gorman Rupp, Goulds Pumps, Xylem, Barnes, and many others.

Travaini Liquid Ring Vacuum Pumps

Severe-duty service rotary vane and liquid ring vacuum pumps and compressors.

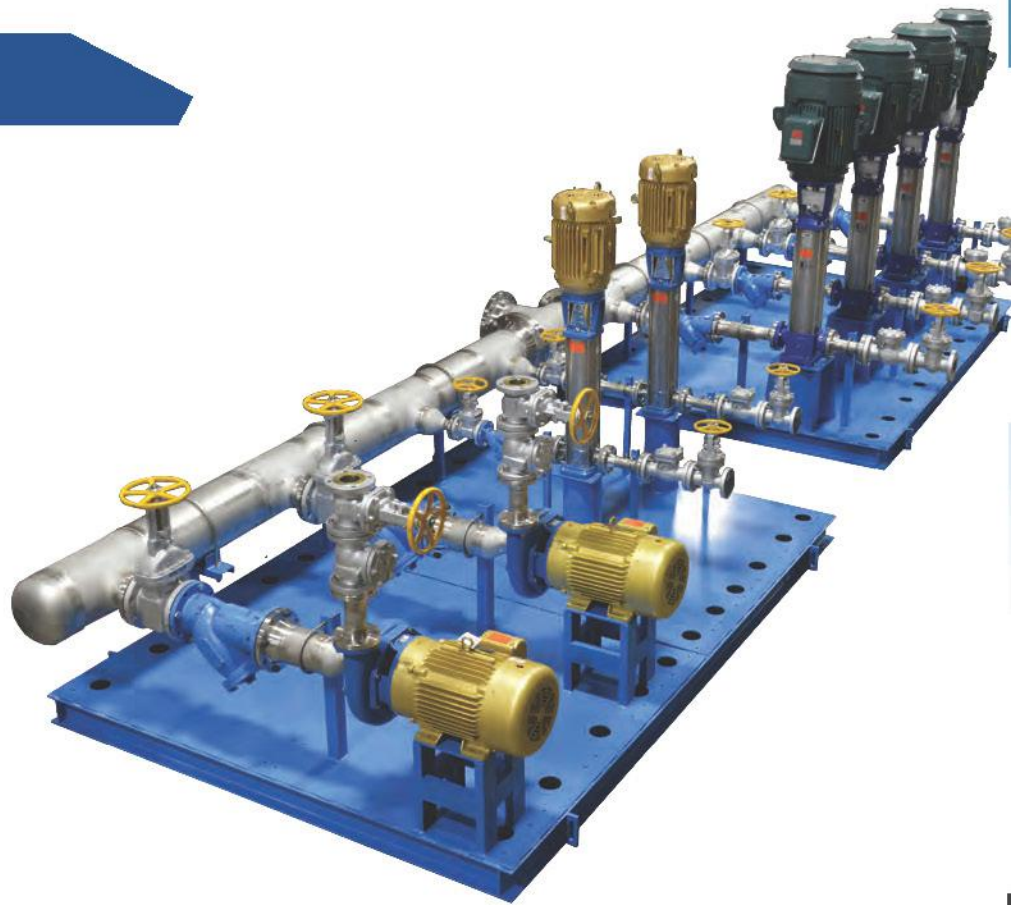

Tubar-Uhrden

Box dumpers, drum dumpers, cranes and pallet lifters used to empty large volumes of materials into chutes and hoppers.

CUSTOM FABRICATION

Equipment Packages

- Multi-Pump Packages
- Booster Stations
- Vacuum and Blower Systems
- Chemical Dosing Skids
- Control Panel Integration
- Certified Surface Polishes
- Digital Instrumentation
